

SOLAS MODU Marine Services Pvt. Ltd.

Delivering Innovative Services in the Marine Industry, Turning Offshore Challenges into Smooth Sailing

At SOLAS MODU Marine Services Pvt. Ltd., we are at the forefront of pioneering maritime services, offering comprehensive solutions for the marine and offshore oil and gas industries. Our commitment to safety, compliance, and efficiency empowers us to transform offshore challenges into remarkable successes. We offer a wide range of services, including surveys and certifications, NDT, survival systems, and project management.

About SOLAS MODU

Expertise

At **SOLAS MODU Marine Services Pvt. Ltd.**, our name embodies our mission: **SOLAS** – Safety of Life at Sea, and **MODU** – Mobile Offshore Drilling Unit. We specialize in providing cutting-edge engineering solutions and services tailored to the needs of **ships, rigs, platforms, refineries, shipyards**, and other marine and offshore facilities. Our expertise spans the **design, supply, and installation of critical equipment**, ensuring compliance with **SOLAS, MODU Codes, Class requirements**, and all other statutory standards.

As an **ISO 9001-certified company**, SOLAS MODU delivers advanced engineering solutions across the **Shipping, Maritime, and Offshore Oil & Gas industries**. From **non-destructive testing (NDT) and condition monitoring to thickness measurements of ships and offshore structures**, our services are tailored to enhance safety, efficiency, and operational excellence. Our portfolio also includes **plant integrity assessments**, condition surveys of cranes and equipment, and system integration for **Smart Intelligent Power Management Systems** designed for offshore platforms and rigs.

Commitment

At **SOLAS MODU**, we are committed to providing innovative, safety-driven solutions that meet the evolving demands of the marine and offshore sectors. Our services extend to **project management for new construction and repair, risk assessments**, and **surveys** that ensure the safety and reliability of critical assets.

Our team takes pride in delivering world-class engineering services that prioritize safety, environmental sustainability, and client satisfaction. Whether managing complex projects or integrating state-of-the-art technologies, SOLAS MODU remains steadfast in our commitment to ensuring the highest standards in marine and offshore operations.

Our Services

Surveys & Certifications

Class & Flag State Approved services, ISO, and Type Approvals to uphold safety and regulatory compliance.

Advanced NDT Division

Precise non-destructive testing for integrity and safety assessments, essential for high-risk marine operations.

Survival Systems

Certified service station for Life-Saving Appliances, including lifeboats, life rafts, HRU, and immersion suits, ensuring optimal readiness and reliability.

Project Management & Consulting

Expertise in repair, drydocking, new construction, and offshore asset management, including comprehensive contract drafting and negotiation.

Projects Undertaken by SOLAS MODU Marine

1	Operation and Maintenance of ONGC Jack-Up Rig Sagar Pragati (October 2013 – February 2014) Conducted thickness measurements of all structural components.
2	Advanced NDT of Offshore Oil and Gas Pipelines (March 2015 – March 2018) Executed an annual rate contract with ONGC for non-destructive testing (NDT) of pipelines.
3	Design, Fabrication, and Installation of Offshore Platform Extensions at ONGC Neelam Platform (2015 – 2017) - Designed and fabricated two platform extensions at the north and south ends of the ONGC Neelam Platform using SACS software. - Performed NDT under ABS witness, including load testing with water bags.
4	Advanced NDT – LRUT at ONGC Uran Plant (2015) Conducted Long-Range Ultrasonic Testing (LRUT) to assess pipeline integrity.
5	NDT and Health Check of ONGC Hazira Refinery (October 2016 – Ongoing) Provided comprehensive NDT services, including ultrasonic testing, magnetic particle inspection (MPI), dye penetrant (DP) testing, radiography, and hardness tests.
6	Installation and Commissioning of Lifeboats at ONGC Neelam Platform Installed and commissioned two 55-person capacity lifeboats under ABS and CEIL certifications.
7	Load Testing and Certification of Lifeboat Davits on Jagson Rig Deepsea Fortune Conducted load testing and certified lifeboat davits to ensure compliance.
8	Steel and Pipe Renewal on ONGC Jack-Up Rig Sagar Pragati Replaced steel and pipework to maintain operational safety and integrity.
9	Jacking Gear Repair and Certification - Repaired jacking gear systems on ONGC Jack-Up Rig Sagar Pragati. - Inspected and certified the jacking gear systems of Jagson Rig Deepsea Fortune.
10	Underwater Inspection and Diving Conducted underwater inspection and diving operations on vessels and barges for Great Offshore.
11	Condition and Value Assessment Surveys Performed various surveys to assess the condition and value of marine assets.

Certificates of Recognition and Approvals

Oil Pollution Preparedness,
Response and Co-operation (OPRC) IMO Level II - Training Course

On - Scene Commander

Certificate

This is to certify that

Mr. Bikram Kumar Jena

successfully completed the Oil Pollution Preparedness, Response and Co-operation (OPRC) IMO Level II - Training Course from 29th August 2016 to 02nd September 2016 organized by AMET University and Indian Coast Guard.

Issued at Chennai this 02nd Day of September 2016

I.V.S. Rama Krishna
Course Coordinator
AMET University, Chennai

Comdt. Sharifndraa Kumar
Course Director
Officer-in-charge, Pollution Response
Indian Coast Guard

Work Orders, Completion Reports, Service Reports, Flag State Authorizations, and Inspection Reports

At SOLAS MODU Marine Services Pvt. Ltd., we take pride in delivering high-quality, reliable, and compliant **marine services** to our valued clients. Through a series of **work orders**, we have successfully undertaken critical projects involving the **annual servicing of Life-Saving Appliances (LSA), Fire-Fighting Appliances (FFA), and Cranes** onboard offshore rigs and vessels such as the **Deepsea Treasure**. These services are executed in line with international standards, including **SOLAS (Safety of Life at Sea)** and **API RP 2D**, ensuring safety and operational efficiency. Our detailed **service reports** and **completion certificates** highlight our commitment to meeting project timelines and exceeding client expectations for industry leaders like **Jagson International Ltd.** and **ONGC Uran Plant**.

In addition to annual maintenance services, SOLAS MODU is authorized to conduct **Flag State Surveys and Inspections**. Recognitions from esteemed authorities such as the **Zanzibar Maritime Authority (ZMA)** and the **St. Kitts & Nevis International Ship Registry (SKANReg)** allow us to ensure vessels remain compliant with **IMO regulations** and national maritime laws. Our thorough **inspection reports** assess critical systems, including LSA, FFA, environmental controls, hull structures, and more, ensuring vessel safety and operational readiness.

At SOLAS MODU, we remain dedicated to upholding the highest standards of excellence and regulatory compliance. Our comprehensive portfolio of **inspection, servicing, and certification** services demonstrates our technical expertise and unwavering focus on delivering solutions that enhance the safety, reliability, and efficiency of marine and offshore operations.

ISO Certifications

Being a recognized **Associate Member** of the **International Association of Drilling Contractors (IADC)** is a significant milestone for **SOLAS MODU Marine Services Pvt. Ltd.**. This membership reflects our unwavering commitment to upholding the highest standards of **safety, quality, and operational excellence** in the offshore and marine industries. It reinforces our dedication to delivering services that align with global benchmarks, ensuring reliability and trust among our clients and stakeholders.

As a part of the IADC, a globally respected organization representing drilling contractors, we have benefitted from access to the latest **best practices, compliance frameworks, and industry guidelines**. This invaluable association has enabled us to stay updated with cutting-edge advancements and maintain alignment with international standards, further enhancing our credibility and operational efficiency in **marine services, inspections, and offshore operations**.

Being a member of a community that prioritizes **collaboration and innovation** underscores our dedication to contributing to the safe, efficient, and sustainable growth of the drilling industry. At SOLAS MODU, we continually strive to remain at the forefront of industry advancements, ensuring professional excellence in every project we undertake while supporting the evolving needs of the global offshore and marine sectors.
